

Q&A

Q&A: 2	Received: 12.05.2019 / 16:55	Posted: 13.05.2019 / 10:15
From: International Jury		
Subject: Outside help		

Question:

Five minutes before the start, a boat realizes it is too late to get to the coach boat before the preparatory signal. The competitor removes a coat and drops it in the water. Three minutes later the coach picks it up from the water.

Answers:

The transfer of gear was started before the boat was racing but it was completed while the boat was racing. Therefore the boat received outside help while racing and broke RRS 41.
